Press Release: Duval County Schools Saves \$80,000 a Year with Online Pay Stubs

Tampa, FL (April 10, 2007) – National Payment Corporation is going back to school. As part of their “Keep More Money in Your Schools” program, they’re going to provide Duval County School District employees with free payday text alerts and paperless pay stubs at a reduced rate.

Schools and corporations around the country have switched to electronic pay stubs for their cost-effectiveness and convenience. EZStub users can view their pay stub information online 24 hours a day, seven days a week, but that’s not all, according to Mark Williams, National Payment’s Marketing Director. “Now employees can also receive their pay stub information online, via email, or as a text message on their cell phone or PDA,” he remarked.

Duval County Public Schools (DCPS) is taking steps to save millions of dollars. These opportunities were presented as recommendations from Project INVEST, a task force commissioned by Superintendent Joseph Wise and the Alliance for World Class Education. One of their recommendations was for DCPS to implement electronic pay stubs. “The goal of Project INVEST is to create a better and more efficient system that will benefit our students, staff and our taxpayers,” said Superintendent Joseph Wise.

Duval County Public Schools chose National Payment Corporation because EZStub is compatible with the DCPS’s current processes and can be deployed rapidly at a relatively low cost. Implementation of EZStub will reduce the DCPS’s current cost by an estimated \$80,000 each year and these savings will be directed to the classrooms.

Duval County Public Schools is the 19th largest school district within the country that employs approximately 14,500 individuals and serves approximately 123,500 students.

More information about EZStub online pay stubs is available by phone at 800-927-6120 or on the National Payment Corporation website at <http://www.schoolstubs.com>.

About National Payment

National Payment Corporation is the nation’s largest independent payroll direct deposit vendor and provides payroll distribution solutions to thousands of customers across the nation, in every industry, and in every state. National Payment Corporation is bonded through two major insurance carriers and uses a third-party accounting firm to perform an annual audit of its records. Although National Payment Corporation processes over \$5 billion dollars of customer funds each year, it maintains an accuracy record of 100%. National Payment Corporation prides itself on the fact that it has never lost a penny of its customers’ money.
